## FORT RILEY-2015 CAMPAIGN PLAN

**BE THE FIRST — 1ST INFANTRY DIVISION**

**FIRST FOR SOLDIERS**

**FIRST FOR FAMILIES**

**FIRST FOR THE CENTRAL FLINT HILLS**

**FIRST FOR THE NATION**

### Vision

Fort Riley is widely recognized as the Army's premier division-level installation.

We will pursue this vision through four primary goal areas: ARFORGEN, Resilience, Sustainability, and Community. Each of these goal areas will have a series of actions and objective outcomes that move us forward. Through adherence to the ARFORGEN process, 1st Infantry Division brigades are requested by combatant commanders based on their ability to dominate throughout Full Spectrum Operations. Simultaneously, Fort Riley fosters Resilience within our Soldiers, Families, and Civilians during the demanding pace required in this period of multiple deployments. Fort Riley establishes a Sustainability posture that supports the focus areas of Mission, Community, and Environment while minimizing cost and employing systems thinking. Fort Riley is embraced by the Central Flint Hills Community as a key partner in generating regional growth. The 1st Infantry Division's story combined with the appealing lifestyle of the Central Flint Hills is shared with the Army and a National audience, forging an attractive 21st Century reputation.

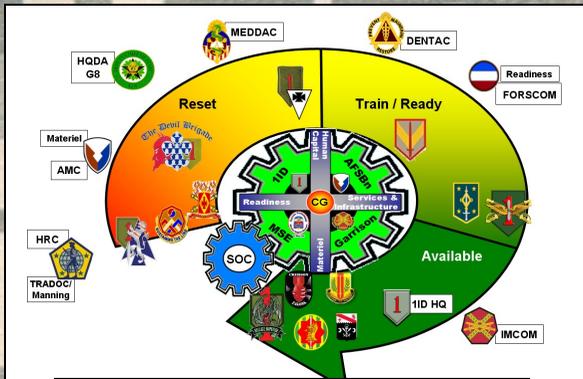

### We Are

**1st Infantry Division:** America's most storied division, an expeditionary – modular division headquarters, with nine brigade sized units assigned to Fort Riley and three additional installations. The Big Red One has a distinguished history of "firsts." The proud history of the 1st Infantry Division shaped its legendary motto: "No Mission too Difficult, No Sacrifice too Great, Duty First."

**Fort Riley:** A historic frontier post, key to the westward expansion of the United States and for more than a century, served as a platform for the mobilization of forces for war. Fort Riley has modernized with some of the most advanced infrastructure in the Army today resulting from the dynamic growth incurred by the 2006 return of the 1st Infantry Division from Germany. Fort Riley has generated responsible regional growth as one of the largest economic engines in Kansas and practices environmental stewardship of the federal government's largest tract of tall grass prairie.

**At Home in the Heartland:** 1st Infantry Division and Fort Riley are proud of the enduring partnership with the communities that comprise the Central Flint Hills Region. The region represents the heartland of America, community values closely aligned with the Army Values; providing one of the best locations available for US military personnel to raise a Family. The welcoming nature of our neighbors in the Central Flint Hills links civilian and Army Families together in strong relationships.

## The Army Force Generation

The Army Force Generation (ARFORGEN) model is a flexible and cyclical readiness process that generates combat forces for an indefinite time period, enabling units to systematically man, equip, and train for commitments globally. We will improve the synchronization of the ARFORGEN process to ensure that 1st Infantry Division and Fort Riley-based units are trained and ready for combatant commanders. Adherence to the training guidance for each of the ARFORGEN phases will reduce uncertainty for Soldiers, Families, and the Central Flint Hills Region that is the home of Fort Riley.

## Resilience

The Fort Riley Comprehensive Fitness Program will integrate the Five Pillars of Strength (Physical, Emotional, Social, Family, and Spiritual Strength) to develop Resilience in Soldiers, Family Members, and Civilians on Fort Riley. Our holistic approach to fitness will enhance performance and build resilience – restoring balance for Soldiers, Families, and Civilians during the demanding pace required in this period of persistent conflict and multiple deployments. Our central focus is to bring together the programs, resources, technologies, passionate practitioners, and the physical infrastructure that supports Comprehensive Fitness yielding an inclusive / synergistic approach to developing Resilience. It is our Resilience that makes us Danger Strong.

### COMPREHENSIVE SOLDIER FITNESS

STRONG MINDS ★ STRONG BODIES

## Sustainability

The Army Strategy for the Environment: Sustain the Mission – Secure the Future establishes a long-range vision for the 1st Infantry Division and Fort Riley in accomplishing the mission to train and deploy Soldiers while simultaneously developing the interrelationships of the Triple Bottom Line-Plus of sustainability: mission, environment, and community. An approach towards effective and efficient systems thinking connects installation activities today to those of tomorrow with sound business and environmental practices. Fort Riley's commitment to Soldiers, Families, DA Civilians and the Central Flint Hills Region shapes our obligation to implement practices that safeguard the environment and our quality of life.

## Community

The goal of community within the Fort Riley Campaign Plan seeks to facilitate responsible regional growth in cooperation with our partners in the Central Flint Hills Region. Communication venues developed by the Regional Planning Organization will jointly attract Soldiers and their Families as well as a talented civilian workforce to the Central Flint Hills. The community development that benefits Fort Riley must benefit the Central Flint Hills Region, and vice versa.

**4<sup>th</sup> HBCT, 1ID**

- 1-4 CAV – Clay Center
